

Little violet shadows
walk
Step... Step... Step
petals white as the glowing invitation
rising from the center
guardians and guides
watchful, waiting
making space
for your glorious Self
to be enthroned
and glorified
as Seeker
 Lover
 Intrinsically Integrally a Part
of Source.

Honor the green
it's in our blood
Bless the dirt
it nourishes us
Send your joy to the sky
it rains back down on us all

Temple of the Owl & Wolf
enter once circle thrice
enter once circle thrice
enter once circle thrice
end where you began
and begin again
